Television is taking part in our life. In each and every family there is a Television. In olden days, Radio is the only media for communication among the news papers. But nowadays television plays a good or bad role. People like television channels. Ladies mostly like the various serials shown in the television channels. Lot of television channels are available. First, television channels are operated by the Central Government only. Later, it was extended to private operators. Always there is a competition among the private channels. The private channels are mainly depend upon the income of advertisements. Advertisements occupies the major portion of the serials. The family serials mostly attract the ladies. Because of this, the private channels take advantages of the ladies the put more advertisements often in the serials.

There are various good programmes like as education, health and agriculture. But people do not like this. They want only entertainment channels. But school going children and some of the parents like this channels.

Agriculturists are seeing the agriculture related programmes. There are many suggestions to the farmers that how to increase their produce. Therefore the farmers seeing such channels. Television could not be separated from the life of a man. It has mingled with the life of a man. Seeing of old films broadcasted by some channels are welcomed by the old age people. They also like old songs which were often broadcasted by some channels.
